***Every student at Herod has a Tuesday folder that is used as a communication tool to administration, teachers, and staff to parents. Corporate Partners will have the exclusive ability to send printed materials home directly to our student families. This allows our Corporate Partners the ability to conduct a Direct Mail campaign. Materials must be submitted one week prior to inclusion, must be approved by the PTO and school, and delivered to Herod Elementary for distribution. Corporate Partners must have adequate number of printed material (need #) to be placed in each student's folder.
